Down of Mobile a memorial was presented on the third of September, one thousand eight hundred & six, accompanied by a deposition given by Captain Don Manuel de Lanzas formerly Commandant of the said place, wherein was inserted a decree of the Governor General of the Province of Louisiana bearing date the twenty second of October one thousand eight hundred and seven, by which was granted to his Father Domingue Dolive, a tract of Land containing twenty arbores plant on the Bay of Mobile, by the ordinary depth of Garley, praying that orders might be given, to survey and measure out the said Land which has not been hitherto done for want of a Surveyor and that formal Titles might be issued therefor in his favor, and by a decree of the same day, the said memorial was referred to the Fiscal Minister of the Royal Revenues, who in his Report of the Eighteenth, of the month before mentioned, reported in favor of said memorial, which meeting the approbation of the Tribunal it was awarded by a decree of the fourteenth that the memorial, be sent to the Commandant and Sub-delegate of Mobile, in order that he might take measures to cause the said land to be surveyed, by the Surveyor General or his deputy, who to remit hither, the map and certificate of said survey when finished; and the business respecting lands having been suspended, for some time, Louis Dolive presented another petition through the medium of his agent Don Vicente Cusps. Praying that
